NYMA PRO

Plastic flush pipe

Product details

Warranty:	2 years
Max rated load:	n/a
Doc M compliant:	Yes
Suitable for wet areas:	Yes

Features

- Manufactured from one piece, rigid white PVC, it has high strength and rigidity, allowing for a good seal to be made at either end, and maintaining a full flush.
- With its standard size being 18" x 18" this allows the installer to cut the pipe horizontally or vertically to size, allowing greater flexibility in cistern height installation, and wall to pan distance.
