

A Fresh Palette

Commercial Washrooms Colour Choices

Introduction

Welcome to Commercial Washrooms.

Whether it's an executive washroom at a law firm, or a diverse changing space in a leisure centre, we strive to make customisation simple. In partnership with leading laminate manufacturer, Polyrey, we've developed this extensive range of rich colours, contemporary patterns, and detailed luxury woodgrains to easily transform your washroom.

From incorporating your school's colours, to delivering a touch of elegance to a golf club changing room, we have options available across a number of materials including High Pressure Laminate (HPL), Solid Grade Laminate (SGL), and Melamine Faced Chipboard (MFC). We also bring you the option to use digital print in your washroom, opening up endless possibilities for logos, imagery and photography.

* The colour and homogeneity of the Reyspur® core may vary from one production batch to another and within the same batch. In the Iso-standard version, the Reyspur® core has a different base to the standard. These variations are inherent to the industrial process and in no way affect the technical performance of the product.

**LRV: Light Reflectance Value

Finishes

Washroom Technical Solutions

Polyrey HPL® High Pressure Laminate

Polyrey HPL is a versatile product offering outstanding durability with superior resistance against impact, abrasion and general surface wear. Its surface is impervious to water and maintains its integrity even in the most heavy duty applications. It is composed of layers of kraft paper impregnated with phenolic resin. Polyrey HPL is readily available in larger sheet sizes specifically aimed at washroom and related applications offering the best optimisation and most cost-effective solutions.

Reysipur® Compact Solid Grade Laminate

Compact Solid Grade Laminate is a dense self-supporting decorative panel with a black core offering the same surface advantages as those of HPL. This product is particularly suited for high humidity environments due to its inherent water resistance. It is composed of layers of kraft paper impregnated with phenolic resin and two decorative faces on both sides.

Panoprey® MR MFC Melamine Faced Chipboard

Polyrey Melamine Faced Chipboard offers the most cost-effective solution for non-wet area applications. It is a self-supporting, moisture resistant board with a chipboard core with two decorative faces, which are impregnated with melamine resin.

Glass Effect Vanity Worktops

Polyrey glass effect ready made vanity worktops achieve a sleek and contemporary finish. The black, red, white and frosted glass colours have been carefully selected to coordinate with all colour schemes. The four chosen decors are supplied as prefinished laminated panels available in 3070 x 600 x 18 mm. A ready made board bonded with gloss HPL with a white balancer and pre-edged on one long side with Rehau's unique duo-colour edging. Additional edging strips are provided for the fitter to complete the finish.
