

Compact Grade
High Pressure Laminate
Melamine Faced Board

The Polyrey logo consists of a white icon of three stylized, overlapping shapes resembling a 'P' or a series of connected arches, followed by the word "polyrey" in a white, lowercase, sans-serif font. A registered trademark symbol (®) is located at the top right of the word. The logo is positioned in the bottom right corner of the image, which shows a modern washroom interior with wooden lockers on the left and a white sink with copper faucets on the right.

polyrey®

Introduction

Whether it's an executive washroom at a law firm, or a diverse changing space in a leisure centre, we strive to make customisation simple. In partnership with leading laminate manufacturer, Polyrey, we've developed this extensive range of rich colours, contemporary patterns, and detailed luxury woodgrains to easily transform your washroom.

Signature Library Inspiration:

At the forefront of innovation, digital print is an optimal solution to differentiate or personalise a space, or match the colours of a brand.

Polyrey panels are resistant to everyday wear and tear: impact, scratches, stains, water, etc... High resolution printing using special inks and paper for a product that complies with EN 438 standard. Enhance your design with a wide choice of finishes to maximise the visual effect or add a texture dimension to the panel. Bespoke print design for endless possibilities for your cubicle project.

| Finishes: Washroom Technical Solutions

Reysipur® Compact Solid Grade Laminate

Compact Solid Grade Laminate is a dense self-supporting decorative panel with a black core offering the same surface advantages as those of HPL. This product is particularly suited for high humidity environments due to its inherent water resistance. It is composed of layers of kraft paper impregnated with phenolic resin and two decorative faces on both sides.

Polyrey HPL® High Pressure Laminate

Polyrey HPL is a versatile product offering outstanding durability with superior resistance against impact, abrasion and general surface wear. Its surface is impervious to water and maintains its integrity even in the most heavy duty applications. It is composed of layers of kraft paper impregnated with phenolic resin. Polyrey HPL is readily available in larger sheet sizes specifically aimed at washroom and related applications offering the best optimisation and most cost effective solutions.

Panoprey® MR MFC Melamine Faced Chipboard

Polyrey Melamine Faced Chipboard offers the most cost-effective solution for non-wet area applications. It is a self-supporting, moisture resistant board with a chipboard core with two decorative faces, which are impregnated with melamine resin.
