Technical data	
Control box material	ABS
Gross weight	1.25kg
Type of mounting	Wall mounted (pre-drilled holes)
Power source	Mains
Voltage	230V a.c.
IP rating	54
Current	0.055A
Frequency	50Hz
Operation type	Wave-on sensor
Sensor voltage	5V DC
Solenoid valve voltage	12V DC
Solenoid valve power	3W normally closed

Settings	
Adjustable flush duration	1 - 5 secs
Pre-flush & purge facility	ON / OFF (Pre-flush for 1 second) (Purge initiated every 12 seconds of non-use)
